ABOUT SALM

South African Lifestyle Magazine is an online publication which keeps you updated about South Africa and its provinces. The publication mainly focuses on current affairs, entertainment, tourism, features, business, fashion and beauty. South African Lifestyle magazine is inspired by the beauty of our country and what it has to offer our visitors and its habitants. The idea of this publication was born from the great success of <https://gautenglifestylemagazine.co.za/>(GLM) and seeing that GLM was able to showcase Gauteng province to the world. We wish to fulfill and meet your needs in what an online publication has to offer, if not please send us your reviews on press@southafricanlifestylemag.co.za
